RE: City of Ruidoso Downs, New Mexico – Riverside Well Equipping and Water Lines.

Jeff,

Per your request Center Line Services, LLC is submitting a lump sum amount to provide construction staking as needed to complete the above referenced project. Also attached is a rate table for services that we can provide as needed if "out of scope" work should be necessary.

1. Set up and control. Check plans and control points. \$520.00
2. Stake 2100 linear feet of water line at 100 foot intervals showing project stationing and elevations. 10 intermediate stations can be requested for additional layout. \$520.00
3. Stake building, parking lot and well site. \$520.00
4. Travel to and from Las Cruces. 4 total trips have been accounted for in the following price. \$1000.00

Total Charges: **\$2560.00** plus tax if applicable.

Fee Schedule to be applied to out-of-scope services and/or change orders.

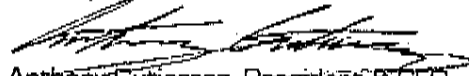

ITEM	Rate
Surveying, construction staking, control survey, topographical survey, grade staking, underground utilities, field volume calculations, etc. GPS and Conventional.	
• Per Hour 1 man crew (please use this rate when survey service is required for less than 8 hours. Per hour travel rate will also be applied)	\$130.00
• Per Hour Travel/Administration/Clerical	\$60.00
• Per Hour Assistant	\$40.00
• Professional Surveyor per Hour (As needed)	\$125.00
• Drafting per Hour(As needed)	\$45.00

Surveying Services Contract

Center Line Services, LLC, the subcontractor
Samcon, Inc. the contractor

This contract for surveying services is subject to the conditions noted below

1. **Invoicing:** The cost estimate listed on this contract is based on the best information, to the knowledge of the subcontractor, on the date hereon. Payments will be applied by the contractor to items invoiced. This contract is subject to mandatory renewal 6 months after the date of signing. Payments are to be made within 2 weeks of the receipt of invoice by the contractor. Payments 30 days past due are subject to a monthly 15% APR or a minimum \$25.00 charge per month. Any invoices that become 30 days past due will result in a full halt of services upon that day by the subcontractor. Services will not continue until payments are made current by the contractor. Upon the acceptance of this contract the contractor is agreeing to the rates and terms listed above.
2. **Billing and Change Orders:** This project will be billed using the table attached in the letter above. All charges are accrued at a time and materials rate. This is **lump sum** quote. However any services requested by the contractor that are outside of the items listed in the attached table will require a change order. Attached is the "Field Change Order Request & Contract" sheet, exhibit A. Please fill out "exhibit A" and fax or mail back to the subcontractor for field use. This form is required to be filled out by the contractor, or any of the contractors noted representatives prior to any "extra" services performed by the subcontractor. Payments towards the invoices of change orders will follow the same terms as listed above in item 1. Any deviation from these terms will result in the immediate halt on any project work and any non payment will result in a lien of the subject property.
3. **Pay Requests:** Any pay requests required by the contractor of the subcontractor to receive payment must be mutually agreed upon by both parties. Subcontractor retains the right to adjust the line items that detail the administrative costs of submitting pay requests if submitting these requests will take extra work unforeseen by the subcontractor at the time of this quote. If pay requests will be required by the contractor they must be submitted to the subcontractor prior to any services rendered or requested. Failure to submit pay requests prior to services rendered or requested will result in the contractor using the subcontractor's invoices to fill out said pay requests at the contractors time and cost.
4. **Professional Services:** The subcontractor provides professional services, and is not required to execute certified payroll for projects within the "public works" scope.
5. **Notice To Proceed:** A formal notice to proceed must be furnished by the contractor in writing by fax or U.S. Mail prior to services being rendered.
6. **Retainer:** A retainer will be required in the amount of \$500.00 dollars in order to start the project. This is a negotiable item. To bypass the need for a retainer the subcontractor will require 3 references of subcontractors the contractor has previously used. These references should include Company Name, Name of Individual, Type of subcontractor, and the date last used.
7. **Service Request:** The contractor may request services in the following methods of communication:
 - a. Telephone - Numbers of the appropriate project personnel will be distributed on request only to Loren Kuehne (575) 522-3763.
 - b. Email - anthony@centerlineservices.biz, tom@centerlineservices.biz, jesse@centerlineservices.biz, loron@centerlineservices.biz

3265 Arrowhead Road Suite 200, Las Cruces NM 88011
Office: 505-636-4380 Field: 505-202-0761 Fax: 505-522-3332
contact@centerlineservices.biz

Samcon, Inc
August 6, 2008
Page 4

- c. www.prefiniti.com - Service that subcontractor uses for project management. Account is free and will be needed for this form of communication. Allows for the easy and permanent distribution of cut sheets and any files in digital format. This service is free of charge.
- d. Fax - (866) 293-0551

A two day advance notice is required for guaranteed service; however the contractor may request services at any time, knowing that the subcontractor retains the right to adjust the date of request if not requested 2 days in advance. If services requested are due to an emergency situation the contractor must have the Project Superintendent contact the subcontractor. Service requests must adhere to the line items of the attached table. The subcontractor can, at the contractor's written request, submit a table detailing any used items and services to date and the remaining items and services unused.

8. **Taxes:** If the contractor is a non-taxable entity, prior to requesting services from the subcontractor, the contractor must furnish a not taxable certificate to the subcontractor. If the contractor fails to provide proof of a non-taxable status before invoices are submitted by the subcontractor, the contractor will be charged for any taxes paid by the subcontractor in reference to invoices billed.

To accept this contract, please sign below and return by fax or mail.
